

CLASS OF 2020 SENIOR PHOTO INFORMATION

If you wish to have a senior portrait in this year's yearbook, please submit your image to ethan_stelzer@rpcademy.org by December 1st. If your photo is not submitted by that date, the yearbook staff will use your lifetouch school portrait. **If you don't submit a senior photo and did not take a school portrait, you will not have a portrait in the yearbook.**

In your email subject line, please include your name as you would like it to appear along with the phrase "senior portrait" -- ie: "Bobby Smith senior portrait"

Guidelines for photos:

- Be sure your image is a high-quality, high resolution jpg; **screenshots or thumbnails will not have the required resolution to print clearly.** Images below 300dpi or 1mb may have image quality issues.
- Be sure your image is not cropped too closely; your face should not extend past the edge of the photo
- If you submit a full-body shot, it will likely be cropped to make the face more prominent
- Props or busy backgrounds may be cropped out to make the face more prominent

Low-res thumbnail, pixelated, cropped too close

Face too small, will need to be cropped

Good size and resolution

Good size and resolution
