

Good morning RPA Staff, Students, and Families,

Our governor issued guidance to the state of Oregon regarding COVID-19 late last night. Oregon school districts will receive further clarification around this guidance today but for now, **RPA is cancelling all field trips and evening events through March 20.** Staff, students, and families impacted by these changes will be receiving additional communication in the coming days.

Our regular school schedule, including all upcoming assessments, will continue as normal.

We are in regular conversations with local health and state officials in regards to this emerging issue. We appreciate your understanding as we navigate this public health issue amidst our work of educating students.

You can expect to receive a communication from us later today after Governor Brown issues further clarification for schools.

Sincerely,

Jon Bullock  
Executive Director
