All applications will be screened by the P.E.O. Education Committee. We will take into consideration the likelihood of an applicant reaching their goal. Financial need will be considered but is not the sole basis for awarding a scholarship. We do understand that your goals and fields of study may change drastically from beginning to end. There are other scholarships through P.E.O. on state and international levels that we would be happy to help you apply for as you continue beyond your first year.

If you are awarded a scholarship through us, it is your responsibility to provide us with your contact information, the school you are attending at the beginning of your second term, and the contact information for the registrars' office. You will be provided with all contact information for us at the time of your award in the spring.

We wish you all the best,
